AMOUNT PAID

STATEMENT DEFINITONS

Administration Fee (Fixed/Variable) - This fee covers the costs related to billing you for electricity and providing customer service.

Cost of Electricity - This charge covers the cost of buying the electricity that you used during the billing period. The rate will be adjusted on a monthly basis. For more information on current and historic regulated electricity rates (RRT) please visit www.DirectEnergyRegulatedServices.com.

Current Estimate - This is an estimated meter read provided by your Distributor.

Distribution Charge - This charge recovers the cost of the lower voltage lines that carry electricity from the substation transformers to your meter.

Energy Used (kWh) - The energy used represents the kilowatt hours of electricity you consumed in the billing period. This can be either an actual or an estimate.

Last Actual - This is the last actual meter read from your Distributor.

Local Access Fee (LAF) - The LAF is a surcharge levied by your municipality to your distributor. It is not approved by the Alberta Utilities Commission. You may contact your distributor to find out how the specific LAF levy charged by your municipality is determined.

Meter Number - This is the number attached to the meter installed on your premise.

Rate Rider(s) - This item reflects temporary changes to your bill approved by the Alberta Utilities Commission. It may be a credit or a debit.

Transmission Charge - This charge recovers the costs of owning and operating the high voltage lines that carry electricity to the substation transformers.

PAYING YOUR BILL ON TIME

The payment must be received by Direct Energy Regulated Services on or before the Late Payment Penalty Date shown on the front of the bill to avoid a late payment penalty. Please allow sufficient time for payments to reach our office by the Late Payment Penalty Date. Some financial institutions take up to 4 business days to forward payments to our office. Any balance forward is overdue. There may be a charge for each cheque that is returned due to insufficient funds. Please note that if your payment does not reach Direct Energy Regulated Services by the Late Payment Penalty Date, you will be subject to a monthly penalty calculated at a rate of 1.5% compounded monthly (The 1.5% late payment penalty will result in an effective annual rate that may vary depending on the day you pay your bill, but will never exceed 19.86% per year). The 1.5% is a penalty for default, not an arrangement to advance credit to you.

MOVING?

When moving or cancelling service, please give us 3 business days notice, as you are responsible for all charges until service has been cancelled. You can arrange for service by calling our Customer Assistance Centre at 1-866-420-3174.

TERMS AND CONDITIONS

Terms and Conditions are approved by the Alberta Utilities Commission and are available from the applicable company offices or websites.
